President's Message

2008 – What a Great Year

This, as always, has been an extremely busy and productive year for the National Extension Association of Family and Consumer Sciences. In December, the board with the assistance of our Executive Director, Dave Beebe, examined our current plan and developed the Strategic Plan that will guide our organization for the next four years. Although we are a vital and responsive organization, it is critical that we continue to solicit and examine the wants and needs of not only the current membership, but also the new professionals. "Because we have always done it that way," was never a very good answer to a question, however, now it is surely unacceptable.

Your board, committee chairs, committee members, and the National Office have worked tirelessly to: process affiliate memberships, process, review, and present awards, produce and discriminate the e-newsletter monthly, review, produce and mail our peerreviewed *Journal*, work with the Galaxy III planning committee, plan and implement the Public Issues Leadership Development Conference and the JCEP Regional Workshops and in their spare time made plans for the 2009 Annual Session in Birmingham, Alabama and the celebration of the 75<sup>th</sup> Anniversary of our organization.

One of the great pleasures of being president of NEAFCS is the opportunity to meet and work with hundreds of talented and dedicated members across the country. I truly appreciate your support and encouragement. Thank you each for all the work that you do for the association and for the families in this nation.

My year as president has flown by. I have enjoyed greeting old friends and meeting new ones in my travels. Continue your commitment and support of NEAFCS. Take care and remember the daisies!!!
