**What accomplishments/progress has your Affiliate made in the past year?** (Consider member resources, awards and recognition, public affairs, etc.)

**What are your Affiliate's goals for the next 12 months?**

- We continue to expand our programming in mental well-being
- Our college and Extension are undergoing a strategic planning process that will engage in development of goals for Family and Consumer Sciences over the next few years.
- Continuing to build skills in innovative technologies, and learning about new ways of programming
- Continue to secure additional resources for program implementation

**What challenges do Cooperative Extension and/or Family & Consumer Sciences face in your state?**

- Resources to do programming across the state based on community needs is always a challenge
- We have changed our name to Health and Well-being to adjust to the work that we do in the state in alignment with our state health work
- We have a new Dean of our college and an interim Director of Cooperative Extension that both do not have a background in Family and Consumer Sciences, which is a shift from past leadership. They are both supportive of our work, but also creates a need to educate them on our work and ensure that they can be advocates for it.

**To assist NEAFCS in future planning and communication, please list concerns your Affiliate has for the NEAFCS Board to address:**
