December 2024 Edition

From the President

Communication is the Key!

Greetings, NEAFCS Members and Supporters!

It was great to connect with so many of you at our recent NEAFCS Annual Session in Tucson! The Arizona Affiliate did an amazing job planning and hosting the session. It will be a memorable meeting for many years to come!

Planning for the 2025 Annual session is underway as the Central region will host the conference in Grand Rapids, MI, October 20-23. There will be many opportunities to connect with others, gain new ideas and add SPARK to your professional life. The call for annual session proposals is now open and will close on January 31. Visit the NEAFCS website for more information.

One of my goals for the year relates to communication. In an effort not to overwhelm you with information, we have reduced the number of newsletters from monthly to four times per year. The newsletters, under the creation of Cindy Thompson, NEAFCS Secretary, will contain more in-depth information from committees as well as other members of the board.

To keep you informed of timely information, the national office is now sending a "What You Need to Know" email each month. Even the busiest professional can quickly scan the information and be informed.

My request to you is to *read and respond*. There are many opportunities for you to be involved in your association. Your voice is important to us, and we read your emails, evaluation inputs and survey responses. Working together we are a stronger association!

During this busy time of the year, remember to take time for you.

Wishing you a wonderful holiday season and many blessings in 2025!

Jennifer Bridge

Check out your Board's recommended books about leadership and watch for more recommendations with each newsletter!

Jennifer Bridge (KY) | *President*

In each quarterly newsletter there will be a word hidden related to my goal of communication. Members will have one week from the release of the newsletter to email me the hidden word. Those who email will be entered into a drawing for free registration to the 2025 Annual Session in Grand Rapids.

NATIONAL NEWS & UPDATES

A Year-End Endowment Committee Update and Thank You!

Theresa Mayhew (NY) | *Endowment Committee Chair*

As 2024 winds down, I'd like to thank everyone that contributed to our Be NEAFCS Strong Endowment Fund campaign. We raised \$26,506 between January 2023 and November 30, 2024. During that time, the endowment committee awarded six programming grants and 10 Annual Session scholarships totaling \$23,254.82. It was very gratifying to award these funds to members who are doing important, timely work in their communities. To me, it epitomizes what it means to "give back!"

To get a notion of what that means to our members, here's some excerpted comments from several of this year's Annual Session scholarship attendees. For a full accounting of all of their experiences, visit <https://www.neafcs.org/endowment-for-the-future>.

From Dana Stanley, Purdue Extension Steuben County: "What an inspiring week in Tucson. Quite literally, I will be requesting curriculum from each concurrent session attended. Thanks for an educational and reinvigorating week. Makes me excited to be an Extension Educator."

Shannon Adcock, North Carolina State University, shares: "I want to express my sincere thanks to the {endowment} committee for awarding me a scholarship. {It} was a key component in making it possible for me to attend my first {Annual Session}. {It} afforded me numerous opportunities for connection and camaraderie, for learning and for professional growth. I look forward to attending more in the future."

Melissa Bates, Clemson Extension, SC writes: "As someone who is new to the organization and Annual Session, I had so much fun learning more about the association, how it is run, and how everyone can support each other. I had several individuals express how excited they were to have the SC affiliate back in the organization and share their insightful knowledge about how their affiliates run, tips for leadership roles and general advice...about how to make the most of the opportunity."

Lastly, from Esther Hernandez, FCS Agent, NM: "A huge thank you for giving me the opportunity to attend Annual Session. I met new colleagues that gave me the opportunity to learn from their work experiences, giving me hope and a desire to continue doing great things. I appreciate all the {concurrent session} handouts with resources that

have allowed me to continue researching topics pertaining to my community's needs. I look forward to attending next year's Annual Session."

In closing, I'd also like to acknowledge my hard-working committee members for being so engaging, inspiring and dedicated as we advance the work of our profession and our members. Wishing you all a happy, healthy holidays and every good thing in the New Year!

Food Loss and Waste Liaison Moves to NIFA

Margaret Lawrence | *Writer/Editor, Office of Communications, NIFA, USDA*

The Food Loss and Waste (FLW) program, formerly with the USDA Office of the Chief Economist, joins NIFA's Institute of Food Safety and Nutrition's program portfolio. USDA is in a unique position to help address the problems of FLW across the nation, including harmful impacts on climate heating and resources wasted throughout the food supply, from farm to fork. Dr. Jean Buzby serves as USDA's Food Loss and Waste Liaison, a position which coordinates federal, state, local and nongovernmental programs to measure and reduce the

NATIONAL NEWS & UPDATES

incidence of food loss and waste in the U.S.

Buzby said that the position is also responsible for providing guidance and resources on FLW reduction for internal and external stakeholders.

"Everyone has a role to play in reducing food loss and waste," Buzby said. "Wasting less food can keep money in consumers' pockets. Food loss and waste can be an opportunity for businesses to save or make money, such as by transforming the food into other valuable products."

NIFA plays a critical part of USDA's work on objectives in the National Strategy for Reducing Food Loss and Waste and Recycling Organics.

- Prevent food loss.
- Prevent food waste.
- Increase recycling rate for all organic waste.
- Support policies that incentivize and encourage the prevention of food loss and waste and organics recycling.

AWARDS & RECOGNITION

Make the Cut: Know Your Affiliate Deadline for Award Applications

Diane Reinhold (IL) | Awards & Recognition
Training Committee

Much work goes into writing a successful award application, and you want your hard work to matter. After you have decided to write an award, your next step should be contacting your affiliate VP of Awards and Recognition to learn about your state's award application process and deadline.

Many state affiliates have systems to help ensure award applications are thoroughly reviewed by their affiliate award committee before uploading their applications to the national awards portal. The affiliate award committees judge, score, and, in many cases, provide feedback to those submitting the award applications. Thus, affiliates must have a

much earlier date for submitting award applications than the national deadline.

The earlier date allows not only time for committees to review the applications but also for applicants to make

any revisions based on the committee's feedback to their award application before submitting it to the national portal. Therefore, knowing your affiliate's process and deadline is essential.

If you do not know the process for submitting awards for your state, now is the time to reach out to your affiliate VP of Awards and Recognition so you can Make the Cut!

For more information and resources on writing successful award applications, check out the [awards tab](#) on the website.

MEMBER RESOURCES

Greetings from New VP of Member Resources

Troy Anderson (MD) | *VP Member Resources*

As we find ourselves midway between the school year and the upcoming winter break, I wanted to reach out with some updates from NEAFCS Member Resources (MR) and express my solidarity with those of you affected by the recent natural disasters. First and foremost, my heart goes out to each of you who have been impacted. The stories of resilience, dedication, and community support that have emerged from these challenging times are nothing short of inspiring. Your commitment to Extension under such circumstances is a testament to the strength of our community. While this gesture feels inadequate in the face of such immense challenges, please know that you are not alone. Your struggles and triumphs are shared by all of us at NEAFCS, and you remain in our thoughts and prayers.

Resources to Member Recruitment

Troy Anderson (MD) | *VP Member Resources*

Preserving the tradition of NEAFCS is a shared responsibility, and its significance to our work remains unchanged from the past to the present. We encourage you to sustain this routine by helping us grow our membership in 2025. With that being said, you can access flyers on the website and linked [here](#) to help kickstart discussions about attracting new members (Active, Associate, Life, Partner, or Student Members).

Join a Member Resources Committee!

Troy Anderson (MD) | *VP Member Resources*

The start of a new year and quarter provides a great opportunity to renew our dedication to the common goal of Extension, education, and service. Starting this new year, I am thrilled to begin my role as your National MR Vice President. As we head towards a new direction, I encourage you to join a national committee and benefit from various career resources, training, and networking opportunities! Among our members are exceptional leaders and committees such as:

- **Mentor & Leadership** | Carrie Elsen (MO)
- **Diversity** | Laura Stanton (OH)
- **Membership & Life Members** | Kelly Bland (KY)
- **Journal Editorial** | Rebecca Hardeman (GA) & Ashley Dixon-Kleiber (AZ)

As a community, we are a driving force for professional change and mobility in the realm of Family & Consumer Sciences (FCS). With a history spanning 90 years, NEAFCS has attracted motivated and imaginative Extension faculty and staff. By actively participating on national committees, members have not only changed their own lives but also made significant advancements in their careers.

PUBLIC AFFAIRS

Wellness Advocate: Empowering Healthier Lifestyles in March & Beyond

Chris Zellers (NJ) | VP Public Affairs

The National Extension Association of Family and Consumer Sciences (NEAFCS) sponsors an annual "Living Well Month" in March, a national public service campaign that promotes overall health and wellness. This campaign focuses on the eight dimensions of wellness - emotional, environmental, financial, intellectual, occupational, physical, social, and spiritual - which all contribute to one's overall health and wellbeing.

As a NEAFCS member, your role is crucial in providing your county with the educational resources needed to improve the lives of individuals and families. We encourage you to use the "Living Well Month" as an opportunity to help your community evaluate their wellness and take small steps towards better health - not just in March, but all year long.

NEAFCS, Public Affairs Advocacy Committee, is here to support you in promoting Extension's health and wellness initiatives during this national campaign and beyond. Together, we can *respond* by creating spaces for our communities that prioritize their holistic wellbeing.

Make an Impact with Your Data Submission!

Chris Zellers (NJ) | VP Public Affairs

Help showcase the power of Family and Consumer Sciences (FCS) by contributing to the [NEAFCS Impact Statements](#)! Each year, these statements highlight the significant difference FCS programs make, from supporting family well-being to promoting community resilience and economic growth. Impact Statements are shared widely, reaching policymakers and stakeholders at all levels—from state officials to national representatives on Capitol Hill.

Your data is critical to this effort. By submitting information on your programs and their outcomes, you help craft a compelling narrative that demonstrates the real, measurable benefits of FCS work. These statements become advocacy tools used at key events, such as the Public Issues Leadership Development Conference, to bolster FCS awareness and support. **Submitting your data by February 1, 2025**, ensures your program's achievements are recognized and adds to a collective voice advocating for FCS resources and funding.
