

Impact 2020

Healthy Homes Environments

THROUGH EXTENSION PROGRAMS ACROSS THE NATION, FAMILY AND CONSUMER SCIENCE EXTENSION EDUCATORS PROVIDE A MULTITUDE OF EDUCATIONAL OPPORTUNITIES TO MEET THE NEEDS OF DIVERSE AUDIENCES.

INDOOR AIR QUALITY AND POLLUTANTS

Radon is astonishingly under-recognized as a health hazard. Education informs the public of the risks of lung cancer associated with radon and test kit distribution gives the public actions.

HOME SAFE HOMES

Common household chemical exposures in children under six are cosmetics, personal care products, and analgesic drugs. Youth Safety Days addressed demonstrating how to properly store chemicals in the home.

CONSERVING RESOURCES AND MONEY

Workshops promoted energy conservation. Communities and agencies helped renters learn communication skills with landlords. Addressed complex social problems with stakeholders to implement five key elements to improve safe, affordable housing

HEALTHY HOME PRACTICES

Partnered with local health departments to teach proper handwashing skills. Food safety course helped implement safe food to reduce foodborne illness or food allergic reactions.
